

Corporate Bridge Builder: Partnership Opportunities

Bridges to Independence leads individuals and families out of homelessness and into stable, independent futures. Partnerships with businesses ranging from family-owned local enterprises to large corporations are essential in helping Bridges accomplish our mission.

Bridges is dedicated to building long-term, integrated, and mutually beneficial strategic alliances with our corporate sponsors. In exchange for a tax-deductible contribution, businesses have the opportunity to fulfill their philanthropic goals while supporting our community's most vulnerable families.
